

StudentMate™
The low cost
Student Notebook

StudentMate Mobile Cart

The StudentMate mobile carts are a complete solution for transforming any classroom into a fully equipped wireless computer lab.

Benefits of StudentMate Mobile Cart:

- Each student has a StudentMate fully equipped with our robust suite of applications
- Monitor student activity, easily exchange files and assignments between the teachers PC and each individual networked StudentMate using the StudentMate Administration Module (*No cost with your purchase of a StudentMate*)
- Mobile cart allows for easy secure storing and recharging while StudentMate's are not in use
- Mobile cart integrates seamlessly into the classroom without requiring IT support

Note: Mobile cart volume pricing available.
